SAFETY FIRST: YOUR HERBAL WELLNESS ROADMAP

WHEN HERBS HELP

- ☐ Common ailments
- ☐ Mild symptoms
- ☐ Complementary support

WHEN TO AVOID

- ☐ Chronic or serious illness
- ☐ Scheduled for surgery
- ☐ Unclear identity of herb

MY DOCTOR APPROVE HERBS LIST

SIGNS OF REACTION

- ☐ Rash or hives
- ☐ Difficulty breathing
- ☐ Swelling

MEDICATION INTERACTIONS

- ☐ Research interactions
- ☐ Ask doctor for advice

ALLERGIES TO NOTE

☐

Chamomile

BASIC INFORMATION

Botanical name: *Matricaria*

Plant family: *Asteraceae*

Part used: *Flowers*

KEY BENEFITS

- Eases anxiety and promotes sleep
- Soothes digestive issues
- Helps reduce inflammation

PRACTICAL WAYS TO USE

- Tea
- Tincture
- Poultice
- Inhalation
- Food/infusion

Soothing Chamomile Poultice

1. Crush $\frac{1}{4}$ cup dried chamomile flowers
2. Add a little hot water to form a paste
3. Apply to affected area (e.g., rash)
4. Cover with cloth, let sit 15 min
5. Rinse off with cool water

DOSAGE GUIDE

Adults: 1 cup tea
up to 3 times daily

Teens: $\frac{1}{4}$ – $\frac{1}{2}$ cup tea
up to 3 times daily

Children: $\frac{1}{4}$ cup tea
up to 2 daily

PRECAUTIONS

Avoid if allergic to ragweed;
may interact with blood
thinners

Have I tried this herb? ☐

How my body reacted: _____

Aloe Vera

Basic Information

- Botanical name *Aloe barbadensis*
- Plant family Asphodelaceae
- Part used Leaf gel

Key Benefits

- Soothes burns, cuts, and skin irritations
- Moisturizes dry skin
- Supports wound healing
- Aids digestion when taken internally

Practical Ways to Use

- Gel – Apply to skin or blend in smoothies
- Juice – Drink a small amount
- Poultice – Spread gel on a cloth, wrap skin
- Inhalation – Breathe in steam from leaf
- Infusion – Drink leaf steeped in hot water

☒ Have I tried this herb?

☐ How my body reacted:

DIY STEP-BY-STEP METHOD

AloeGel for Sunburn

1. Harvest a small leaf
2. Slice gel to kernel
3. Apply to burned skin
4. Allow to dry

Precautions

- Perform a patch test first
- May cause digestive upset
- Avoid if pregnant or breastfeeding
- Best method for me:

Lavender

BASIC INFORMATION

- Botanical name: *Lavandula angustifolia*
- Plant family: *Lamiaceae*
- Part used: Flowers & essential oil

KEY BENEFITS

- Promotes relaxation and reduces stress
- Supports deeper, restful sleep
- Eases headaches and tension
- Helps soothe mild skin irritations
- Freshens air and repels insects naturally

PRACTICAL WAYS TO USE

Lavender Sleep Sachet

1. Add 2 tbsp dried lavender buds into a small cloth pouch
2. Add 1 tsp dried chamomile (optional)
3. Tie or sew pouch closed
4. Place inside pillowcase with lavender petals
5. Infusion: add lavender to honey, oil or bathwater

DOSAGE 5-STEP METHOD

1. Add 2 tbsp dried lavender buds into a small cloth pouch
2. Add 1 tsp dried chamomile (optional)
3. Tie or sew pouch closed
4. Place inside pillowcase
5. Replace or refresh every 4-6 weeks

☐ Have I tried this herb? _____ Notes & observations:
How my body reacted: _____ Best method for me: _____

Dosage Guide

- Adults
 - Teens
 - Children
- Avoid internal use: use aromatherapy only

Ginger

Basic Information

- Botanical name *Zingiber officinale*
- Plant family Zingiberaceae
- Part used rhizome

Key Benefits

- Eases nausea & motion sickness
- Reduces inflammation
- Alleviates cold symptoms

Practical Ways to Use

- Fresh – Chew or make tea
- Capsule – Take supplement
- Syrup – Swallow directly
- Poultice – Apply warm, grated
- Infusion – Drink rhizome steeped

Dosage Guide

- Adults – Up to 3 grams daily
- Teens – Take half adult dosage
- Children – Not recommended under age 2

GINGER TEA FOR NAUSEA

Ginger Tea for Nausea

1. Slice 1-2 inches ginger
2. Boil in a cup of water
3. Strain slowly

Precautions

- May cause heartburn
- Avoid if gallstone history
- Consult professional if blood thinners used

☒ May cause heartburn

Echinacea

Basic Information

Botanical name: *Echinacea purpurea*

Plant family: Asteraceae

Key Benefits

- Supports immune system function
- May shorten duration of colds
- Eases headaches and respiratory discomfort
- Supports lymphatic system
- Provides antioxidant protection

DIY Step-by-Step Method:

Immune-Support Echinacea Tea

- Add 1-2 tsp dried echinacea to a cup
- Pour hot water over herbs
- Steep 10-15 minutes
- Add honey or lemon for taste
- Drink at first signs of cold or fatigue

Dosage Guide

Adults: 1 cup tea up to 3 × daily

- follow tincture label dosage (commonly 1-2 droppers)

Children: Mild tea only

- Avoid tinctures with alcohol

External use:

Fresh-leaf poultice as needed

Precautions

☐ Have I tried this herb?

How my body reacted:

Best method for me:

Turmeric

Basic Information

- Botanical name: *Curcuma longa*
- Plant family: *Zingiberaceae*
- Part used: Rhizome (root)

Key Benefits

- Supports healthy inflammation response
- Boosts immune system
- Aids digestion and gut health
- Promotes joint comfort or mobility
- Antioxidant-rich for whole-body wellness

DIY Step-by-Step Method: Golden Turmeric Milk

1. Warm 1 cup milk (or plant milk)
2. Add ½ tsp turmeric powder
3. Add pinch black pepper (boosts absorption)
4. Add ½ tsp cinnamon (optional)
5. Simmer 5 minutes
6. Sweeten with *honey* if desired
7. Drink warm before bedtime for relaxation

Dosage Guide

- Adults: ½–1 tsp powder daily
- Up to 2 cups turmeric tea/milk
- **Children:** Very small amounts only in food (consult doctor)

Golden TURMERIC Milk

- May stain thin, clothes, and surfaces
- Avoid high doses if pregnant or breastfeeding
- May interact with blood thinners
- Avoid before surgery
- Notes & observations:

Peppermint

BASIC INFORMATION

- Botanical name: *Mentha × piperita*
- Plant family: *Lamiaceae*
- Part used: Leaves (fresh or dried)

KEY BENEFITS

- Helps relieve digestive discomfort
 - Eases bloating and gas
 - Reduces tension headaches
- Cooling herb that refreshes mind & body

DIY STEP-BY-STEP METHOD

Digestive Mint Tea

1. Add 1 tbsp fresh mint (or 1 tsp dried)
2. Pour boiling water over leaves
3. Steep 7-10 minutes
4. Strain and add honey if desired
5. Sip warm after meals

DOSAGE GUIDE

- **Adults:** 1–3 cups mint tea daily
- Follow tincture label if using extract
- **Teens:** ½–1 cup tea up to 2x daily
- **Children:** Mild tea only; avoid essential oil
- **External use:** Peppermint oil must always be diluted

☐ Have I tried this herb?

How my body reacted:

Best method for me:

Notes & observations:

Cinnamon

Basic Information

Botanical name: *Cinnamomum verum*

Plant family: Lauraceae

Part used: Inner bark

Key Benefits

- Helps balance blood sugar naturally
- Supports healthy circulation
- Aids digestion and reduces bloating
- Provides warming support during cold weather
- High in antioxidants

Practical Ways to Use

- Tea – cinnamon stick simmered in water
- Tincture – warming digestive support
- Poultice – mixed with honey for topical use
- Inhalation – warm cinnamon steam for congestion
- Infusion – add to oils, honey, or broths

Dosage Guide

- **Adults:** 1-2 cups cinnam tea daily
- **Teens:** Mild tea only
- **Children:** Light cinnamon flavor in food
- **External use:** Always dilute cinnamon in a carrier oil (very strong)

Precautions

- ☐ Have I tried this herb ____ How my body reacted: _____
- ☐ Best method for me: ____ Notes & observations: _____

DIY Step-by-Step Method: Warming Cinnamon Tea

1. Add 1 cinnamon stick to a pot
2. Add 1 cup water
3. Simmer 10-12 minutes until fragrant
4. Add ginger or honey if desired
5. Sip warm to support digestion

Thyme

Basic Information

Botanical name: *Thymus vulgaris*

Plant family: *Lamiaceae*

Part used: *Leaves & flowering tops*

Key Benefits

- Supports respiratory wellness (coughs, mucus, congestion)
- Naturally antimicrobial & cleansing
- Aids digestion & reduces gas
- Helpful for sore throat and winter immunity
- Supports skin healing when used externally

DIY Step-by-Step Method:

Thyme Steam for Congestion

1. Add 1-2 tbsp dried thyme to a bowl!
2. Pour hot (not boiling) water over it
3. Lean over the bowl with a towel over your head.
4. Inhale deeply for 5-10 minutes
5. Use during colds, sinus congestion, or seasonal allergies

Dosage Guide

- Adults: 1-2 cups thyme tea
- Teens: Mild tea only • Children: Inhalation only;
- External use: Thyme-infused oil or diluted oil (1% dilution)

Precautions

- Avoid concentrated doses during pregnancy
- Essential oil is extremely strong – always dilute

Have I tried this herb?

How my body reacted:

Best method for me:

Rosemary

BASIC INFORMATION

- Botanical name: *Salvia rosmarinus*
- Plant family: Lamiaceae
- Leaf used: Leaf (fresh or dried)

KEY BENEFITS

- Helps boost memory & focus
- Supports circulation
- Traditionally used for relaxation
- Eases headaches & tension
- Herbal antioxidant

PRACTICAL WAYS TO USE

Relaxing Rosemary Bath

1. Combine ½ cup dried rosemary and 1 cup Epsom salt in a jar
2. Optional. Add 5–10 drops of lavender essential oil
3. Shake well to mix together
4. Add ½–1 cup to warm bathwater

DOSAGE GUIDE Adults: 1-2 cups rosemary tea daily Follow tincture label if using extract • Teens: Moderate amounts only • Children: Short-term culinary use

- External use: Moderate amounts only

PRECAUTIONS

- Avoid therapeutic doses during pregnancy
- May raise blood pressure in sensitive individuals
- Use moderately: potential for large doses to be toxic

☐ Have I tried this herb?

How my body reacted:

Sage

BASIC INFORMATION

- Botanical name: *Salvia officinalis*
- Plant family: Lamiaceae
- Part used: Leaves (fresh or dried)

KEY BENEFITS

- Supports throat & respiratory comfort

- Eases balance excess moisture

Naturally antimicrobial

May support cognitive function & focus

Steep 2 tsp of fresh or dried sage to make tea.

- Add honey or lemon
- External use: use as a poultice as needed

DIY STEP-BY-STEP: Sage Throat Soothing Tea

1 Add 1 tsp dried sage (or 2-3 fresh leaves)

2.Pour hot (not boiling) water

3.Steep 7-8 minutes

4.Drink or gargle.

PRECAUTIONS

- Avoid high doses during pregnancy
- May cause milk supply to dip in breastfeeding individuals

Have I tried this herb?

☐ How my body reacted:

.....

☐ Best method for me:

.....

ST JOHN'S WORT

Basic Information

Botanical name: *Hypericum perforatum*

Plant family: *Hypericaceae*

Part used: Flowers & upper leaves

Key Benefits

- Supports mood balance
- Helps reduce mild low mood & emotional tension
- Supports nervous system resilience
- Aids restful sleep in stress-related fatigue
- External use: For skin repair

DIY Step-by-Step Method: St John's Wort Infused Oil

1. Add 1 fresh St. John's Wort flowers loosely in a clean jar

Use the Infused oil for bruises, nerve pain

Poultice is made from fresh flowers

. Use externally for muscle tension, nerve pain, or bruises.

Precautions

☐ Have I tried this herb?

How my body reacted:

Best method for me:

Notes & observations:

Dosage Guide

Adults:

1–2 cups tea daily
follow tincture label
(common 1–2
dropperfuls)

- • Consult a doctor before internal use

LEMON BALM

BASIC INFORMATION: *Melissa officinalis*

PLANT FAMILY: Lamiaceae

PART USED: Fresh or dried leaves

KEY BENEFITS

- Supports throat problems
- Helps reduce stress, restlessness and tension
- Supports deeper, more restful sleep
- Eases digestive discomfort, especially nervous stomach
- Gently uplifts mood
- Safe and soothing for children (in mild forms)

DIY STEP-BY-STEP METHOD

Calming Lemon Balm Tea

1. Add 1 tbsp fresh lemon balm (or 1-2 tsp dried)
2. Pour hot water over the leaves
3. Steep 5-7 minutes
4. Add honey if desired
5. Drink before sleep or during stressful moments

DOSAGE GUIDE

Adults:

1-2 cup tea
to daily

Teens

1 cup a day

Children

half a cup a day.

PRECAUTIONS

- May cause drowsiness in high amounts
- Avoid combining with sedative medications
- Used with caution with thyroid conditions 
- Large doses may cause nausea in sensitive individuals

☐ Have I tried this herb? _____

☐ How my body reacted: _____

☐ Best method for me: _____

Calendula

BASIC INFORMATION

Botanical name: *Calendula officinalis*

Plant family: Asteraceae

Part used: Petals & flowerng tops

KEY BENEFITS

- Supports skin healing (cuts, scrapes, rashes)
- Naturally antimicrobial & soothing
- Helps calm inflammation (internal & external)
- Eases digestive irritation
- Gentle enough for children & sensitive skin

DIY STEP-BY-STEP METHOD:

CalendulaHealing Salve

1. Add 1 cup dried calendula petals to jar
2. Cover with olive oil (or jojoba)
3. Infuse 3-4 weeks OR warm gently for 2 hours
4. Strain the oil
5. Melt 1 tbs beeswax into ¼ cup oil
- 7 Pour into tins; allow to harden.

DOSAGE GUIDE

- Adults: if allergic to the daisy/ragwageed family
- Rare skin sensifivity
- Do not use during breastfeeding or pregnancy unless you consult with your doctor.

Have I tried this herb? _____

How my body reacted: _____

Best method for me: _____

NOTES & OBSERVATIONS:

- Avoid if allergic to the daisy/ragwaged family
- Patch test first.

Oregano

Botanical name: *Origanum vulgare*

Plant family: Lamiaceae

Part used: Leaves & flowering tops

Key Benefits

- Strong natural antimicrobial & antiviral properties
 - Helps respiratory health (cough, mucus, colds)
 - Aids digestive gas & bloating
- Supports immune system during seasonal illness
- Powerful antioxidant protection

Practical Ways to Use

- **Tea** – Warming remedy for colds & antiviral
- **Steam Inhalation** – Opens airways
- **Tincture** – Strong immune support
- Infused Oil-Cooking or mild topical use
- Oregano Oil (Diluted): Potent antimicrobial (external only)

DIY Step-by-Step Method: Oregano Steam

for Cold & Sinus Relief

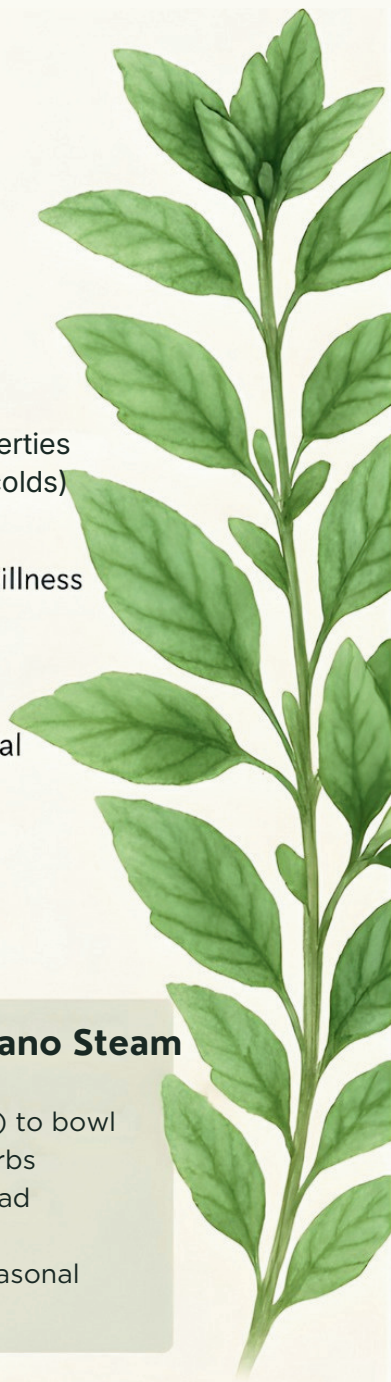

1. Add 1 tbsp dried oregano or 2 tbsp fresh) to bowl
2. Pour hot (not boiling) water over the herbs
3. Lean over the bowl with a towel over head
4. Inhale deeply for 5-10 minutes
5. Use during colds, sinus congestion or seasonal allergies.

Precautions ⚠️

Essential oil can burn skin if not diluted properly

- Avoid internal use of essential oil.
- Avoid high doses during pregnancy

Avoid if allergic to mint family herbs

Milk Thistle

Basic Information

Botanical name: *Silybum officianus*

Plant family: Asteraceae

Part used: Seeds (most comonn)

Key Benefits

- Supports healthy liver function
- Helps the body eliminate toxins naturally
- Aids digestive antioxidant protection
- Supports skin health through liver balance
- Helps soothe digestive inflammation
- May support hormonal balance through the liver detox pathways

DIY Step-by-Step Method:

Milk Thistle Support Tea

- 🌿 Crush 1-2 tsp milk thistle seeds in a mortar & pestle
- 🌿 Add to 1 cup of water
- 🌿 Simmer 10-15 minutes until fragrant
- 🌿 Strain and enjoy.
- 🌿 Enjoy before meals or before bed

Dosage Guide

- Adults: 1-2 cup tea
 - Not recommended in pregnancy unless with medical supervision
-
- **Standardized** extracts should not be used by children

☐ have I tried this herb?

How my body reacted:

Best method for me:

Garlic

Basic Information

Botanical name: *Allium sativum*

Plant family: Amaryllidaceae

Part used: Bulb (fresh, crushed, or infused)

Key Benefits

- Strong natural antibiotic & antiviral properties
- Supports immune system during illness
- Helps clear mucus & respiratory congestion
- Supports heart health & circulation
- Reduces inflammation
- Aids digestion & gut microbial balance

DIY Step-by-Step Method:

Garlic Honey for Sore Throat & immunity

1. Peel 2-3 garlic cloves
2. Crush lightly & let sit 10 minutes to activate allicin
3. Add to a small jar
4. Pour in raw honey until cloves are covered
5. Let infuse overnight
6. Take 1 teaspoon as needed during cold/flu
7. Use within 1-2 weeks

Dosage Guide

- Adults: 1-2 fresh cloves daily
- 1 cup garlic tea during illness
- ½ tsp garlic honey as needed
- Children: Avoid raw garlic
- Small amount of garlic-infused honey (age 1+) only

Precautions

☐ Have I tried this herb?

How my body reacted:

Best method for me:

Fennel

Basic Information

- Botanical name: *Foeniculum vulgare*
- Plant family: *Aplaceae*
- Part used: Seeds, bulb, leaves

Key Benefits

- Supports mood balance & digestive discomfort
 - Eases infant colic (very gentle)
- Supports respiratory health
Naturally sweet flavour that calms digestion
- Supports gut motility & reduces nausea

Practical Ways-to Use

- ◆ Fennel Tea: For bloating, cramps, indigestion
- ◆ Seed Chew: Freshens breath aids digestion
- Warm Compress: Tea-soaked cloth for menstrual cramps
- Fennel Steam: Mild cough or chest tightness

DIY Step-by-Step Method:

Fennel Digestive Tea

1. Crush 1 tsp fennel seeds using a spoon or mortar
2. Add to a cup
3. Pour hot water over them or 3 minutes

Optional: Add a pinch of ginger

Precautions

☐ Have I tried this herb?

How my body reacted:

Best method for me:

☐ Precautions

- Avoid large doses during pregnancy
- Celery allergy (same family)

•

Tulsi

Basic Information

Botanical name: *Ocimum sanctum*

Plant family: *Lamiaceae*

Key Benefits

- Helps the body adapt to stress
- Supports a balanced immune system
- Promotes a calm mind and relaxed body
- Supports healthy cardiovascular wellness
- Helps soothe digestive discomfort
- Reduces inflammation and free radical damage

Practical Ways to Use

Tulsi Uplift & Calm Tea

- **Infusion** of dried leaves briefly steeped
- **Tincture** as a convenient alcohol extract
- **Capsules** standardized extracts
- **Use tender** fresh leaves garnish meals

Dosage Guide

- **Adults:** up to 3 cups, of tea dally
Moderate use of tincture and capsules
- **Teens** recommended likely moderation
- **Likely safe** for children in moderate amounts (3 days max)
- **External use:** gentle and aromatic

DIY

Tulsi

Uplift & Calm Tea

1. Crush 1 heaped tea dried tulsi
2. Add 8 oz of water
3. Steep for 10-15 minutes
4. Enjoy as needed

☐ Have 1 tried this herb?

- Side effects in some sensitive individuals
- Extracts may interact with liver-processed medications
- **with liver-processed medications**
 - Extracts may interact with liver-processed medications

Herbal Blends & Recipes

Immune Support Blend

To Prepare: Steep 1 tsp each herb in hot water for 10-12 minutes. Add lemon+ honey. Take during winter or at the first sign of cold.

Calm & Sleep Tea

Herbs: Lemon Balm · Chamomile
Lavender

To Prepare: Steep 1 tbsp blend for 5-7 minutes.

Sip warm before bedtime.

Digestive Comfort Mix

Herbs: Fennel · Peppermint
Ginger

To Prepare: Crush fennel seeds, add herbs,

steep 10 minutes.

Drink after meals to ease bloating.

Skin Healing Oil

Herbs: Calendula · Aloe Vera · Rosemary

To Prepare: Infuse herbs in warm oil for 2-3 hours.
