FORAGING JOURNAL

Plant / Tree / Fungus:

What drew me to this plant?

What color is it?

Where is it growing?

What other plants grow nearby?

*Can I hear any sounds from the plant?
(Swishing, Rustling, Creaking, Nothing?)*

How does the plant feel?

Are any creatures visiting?

*I am 100% confident in my plant
identification & know this plant is
not toxic.*
